# Climasure™ Series Air Handlers

## Single-Piece Models

### Air Handlers and Coils: How They Work

Air handlers are a vital piece of your home comfort system. The system has two parts—the outdoor unit and the indoor unit. The air handler, which consists of a fan and an evaporator coil, is the indoor section that is responsible for circulating air throughout your home. When the outdoor and indoor components are properly matched, you'll enjoy money-saving efficiency, improved comfort and years of trouble-free service.

#### ■ Packed with Features in a Single Piece

Climasure™ single-piece models include both a blower and an evaporator coil in one compact cabinet so you don't feel cramped for space. It's packed with features that make a difference in how you feel:

- Save more energy with an energy-efficient, direct-drive blower
- Compatible with most refrigerants, including environmentally-friendly R-410A refrigerant
- Extend service life with the pre-painted steel cabinet featuring full insulation

*AHR model shown*

# Modular Models

## ■ Designed to Fit Varying Needs

Climasure™ modular air handlers can match all kinds of comfort needs. MA models come with direct-drive, multi-speed blower motors to offer your application an economical solution.

- MA models let you match your comfort requirements very closely by offering low, medium and high settings
- Features pre-painted steel cabinets with full insulation to prevent condensation

## ■ Coils You Can Count On

Because evaporator coils are an integral part of every air handler, we offer a wide range to match your particular system. Engineered for outstanding durability and exceptional heat transfer, these high-quality coils deliver the comfort you deserve.

- Compatible with R-22 and environmentally friendly R-410A refrigerants
- Positive-sloped drain pans eliminate standing water that could breed germs
- Optional thermostatic expansion valve (TXV) provides optimum coil performance

■ **Climasure™: Part of a Total Luxaire® Comfort System.**

The Climasure™ family of furnaces, heat pumps and air conditioners are designed to deliver the best efficiency, the quietest operation and the easiest serviceability.

Climasure™ air conditioners offer up to 14+ SEER energy efficiency. You can count on Luxaire® to provide the fans, filters and advanced controls to complete your system. Luxaire® total comfort also includes a full complement of indoor air quality products.

■ **Exceptional Warranties for More Peace Of Mind.**

When we build air handlers this good, we stand behind them. All models are backed by a 10-year limited warranty on parts (must be registered online within 90 days of installation—otherwise the warranty reverts to the standard warranty as published in the product warranty certificate).

■ **Your Purchase Helps Support the Make-A-Wish Foundation®.**

As part of our commitment to **MAKE-A-WISH**® the communities we serve, a portion of your Luxaire® purchase goes to your local Make-A-Wish® chapter. Together we're helping to make wishes come true for kids with life-threatening medical conditions in your community.

**Climasure™ Air Handlers**

Model	Nominal Capacity (tons)	Refrigerant/Metering Device	Dimensions (inches)			Filter (inches)
			Height	Width	Depth
