

Limited Warranty

FOR ELECTRIC HEAT ELEMENTS

Unitary Products (UP) warrants the electric heat elements installed in this product to be free from defects in factory workmanship and material under normal use and service and will, at its option, repair or replace the electric heat elements if it proves to have such defects, within five (5) years following the date of product installation.

For your benefit and protection, return the Warranty Registration Card to UP promptly after installation. This will initiate the warranty period and allow us to contact you, should it become necessary. In the absence of a recorded Warranty Registration Card, the warranty period will begin upon product shipment from UP.

This warranty extends only to the original consumer purchaser and is non-transferable. For this warranty to apply, the product must be installed according to UP recommendations and specifications, and in accordance with all local, state and national codes, and the product must not be removed from its place of original installation. The warranty period for repair or replacement parts provided hereunder shall not extend beyond the warranty period state above.

UP strongly recommends regular periodic preventative maintenance on this equipment. The person most familiar with the equipment in your HVAC system is a UP dealer. The UP dealer can ensure your maintenance program meets the conditions of the "UP Warranty", maximize the efficiency of the equipment, and service your unit within the mandated guidelines with regard to unlawful discharge of refrigerants into the atmosphere.

This warranty applies only to products installed in the United States, Canada or Mexico.

TO OBTAIN WARRANTY SERVICE

Notify your installing or servicing dealer, preferable in writing, of the problem as soon as possible after its discovery. Be sure to include product model number, serial number, installation date and the nature of the problem.

If a response is not received within a reasonable time, notify UP Customer Relations Dept. 5005 York Drive, Norman, Oklahoma 73069

Service requests sent to UP without prior dealer contact will be referred back to a dealer through the UP Distributor. Because this is a time consuming process, it is in the best interest of the consumer to contact a dealer directly.
